### **March 4 Freedom Endorses MEDREK (The Ethiopian Federal Democratic Unity Forum)**

March 4 Freedom recognizes that the major contribution of Ethiopians in the Diaspora in the struggle for freedom and justice for our home country is aiding those struggling within Ethiopia to end dictatorship and bring about a democratic system. The united party, MEDREK, is the largest group that is viewed by the majority of Ethiopians as an alternative to the regime ruling Ethiopia for over 20 years. MEDREK has sent its delegation to North America to hold town hall meetings in various cities with Ethiopians in the Diaspora.

March 4 Freedom endorses MEDREK'S delegation in North America and encourages its supporters to actively participate in the upcoming town hall meetings and to support the party's current efforts to strengthen its organizational capacity so that it can pursue the nonviolent struggle to end dictatorship. As the MEDREK representatives seek the Diaspora's participation and support in the coming days and weeks, March 4 Freedom encourages all Ethiopians to support the delegation's efforts in the fight for justice, human rights and freedom for all Ethiopians.

March 4 Freedom supports organizations within Ethiopia that strive to ensure a democratic system prevails in Ethiopia.
